**About Hassan :**

Hassan is well known as poor man's Ooty of Karnataka, located 180 kms away from garden city Bengaluru and 120 kms from the cultural heritage city, Mysore . It is situated on NH 75 and well connected to all parts of the country by train and bus. The tourist centers and historically important places around Hassan are Belur, Halebeedu and Shravanabelagola which are situated within 50 kms radius from Hassan city.

**About the College :**

Arakalagodu Varadarajulu Kanthamma (AVK) College for Women, Hassan was established in the year 1966. Ever since it's inception, the college has been one of the leading education centers for women of all sections of society in Hassan district. We are imparting a knowledge and virtue based education and our mission is to create an intellectual, spiritual, emotionally balanced, morally upright, socially committed atmosphere for the young women and to develop integrity among them so that they would become the agents of social transformation in today's India. We are very happy and proud that our institution has completed five decades of glorious service in education. The college has been re-accredited by NAAC with 'B' grade in the previous cycle.

**About the Seminar :**

It has always been a challenge for higher education institutions situated in rural areas not only to sustain but also to enhance quality parameters, especially because of the rural background of the student community. Such students often tend to lag behind the urban region students in all quality related aspects such as, contribution towards rural and national development, global competencies, use of modern technology, quest for excellence, communicative skills, etc.. There is every chance that such students can feel inferior and get diverted from the main stream. Hence higher education institutions need to attend to this problem of social concern.

The seminar scheduled to be conducted by the IQAC of A.V.Kanthamma College for Women, Hassan, aims to critically review the various key concepts of quality and carry out discussions on understanding the application of such concepts of quality for the betterment of students of rural background.

**Call for Papers :**

The organizing committee takes the privilege to invite you to submit your abstracts on your proposed topics for presentation.

**Sub Themes :**

The scope of the seminar includes the following major topics in support of the main theme.

- Challenges and threats faced by rural student community.
- Need for incorporation of communicative English in curriculum.
- Innovative methods to be adopted in teaching-learning.
