

Standard Operating Procedure (SOP) For Data Validation and Verification of Affiliated PG Colleges for HEIs as on 13.02.2020

General Guidelines for HEIs:

Note: Relevant original documents signed by the concerned authorities, and/or members of the committee should be scanned and uploaded. Insertion of signature(s) and insertion of the header of the Institutional letterhead in the documents for proof of evidence shall not be acceptable.

- The NAAC HEI Portal supports only 5MB data for each metric. If the attachments exceed 5MB, host the supporting documents in the HEI's website only and provide the link of the same in the template and/or in the HEI-DVV clarification response.
- Data/supporting documents provided over Google Drive, Microsoft one drive, Amazon Cloud and on any third-party websites will not be considered for data validation and verification process.
- While providing the links of the HEI's website where the supporting documents are hosted, provide the link in the HEI clarification box. While providing the links in running text to enable the hyperlink, press "Enter Key", then paste the link, and again press, "Enter Key". Provide the relevant supporting documents as per the SOP during the SSR submission to facilitate speedy DVV clarification process.
- It is mandatory to fill the templates in format provided by NAAC and attach the same in SSR. The HEI is not supposed to alter the template format in which data is sought. The documents uploaded should be clearly readable for the claims made.
- It is mandatory to respond to all the DVV clarifications request raised for the items in the extended profile and metrics within the stipulated time.
-

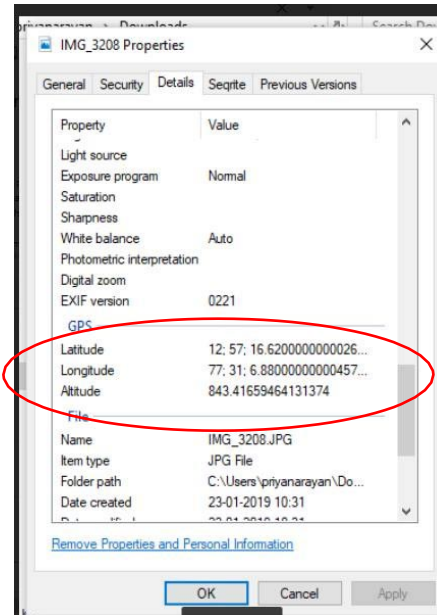

- Whenever the data is large, the DVV Partner will seek for details from selected sample documents for validation. Before submitting the clarification response Report to NAAC.
- HEI should ascertain that all documents sought by the DVV Partner are uploaded before submitting the clarification response.
- Note that once the data is uploaded and the links are submitted to NAAC, changes/ additions are not permissible and any changes in the documents will be tracked and such incidences will be viewed seriously as misappropriation of data and may lead to actions against the HEI. While providing links, the institution should ensure that links are working properly and are operational.
- The institution should give the links as appropriate to the metric and not general links whose landing page is the HEI's home page. In case the links do not work during DVV clarification stage, the decision of NAAC will be final.
- Content of the supporting documents in regional languages should be translated in English and should be duly signed by the Head of the Institution. The translated copy should be uploaded along with the regional language document.
- All supporting documents submitted along with the SSR and additional documents submitted during DVV Clarification process should be signed by the competent authority.

For HEIs :

Geo-tagging: Kindly follow the steps to obtain a Geo-tagged photo:

- (1) In setting of your digital camera, set the location on.
- (2) If you are taking photos in a smart phone, then set the location on.
- (3) Take pictures after setting the location on.

(4) Download the pictures in a computer system and examine the properties. In properties, click on the details tab, scroll down to see GPS: you will see something like the picture provided below, the value entries in latitude and longitude will determine the location in which the photo was taken.

- It is possible that both Extended Profile and some Quantitative Metrics (QnM) seek responses that require similar data/documents. In such cases, it is adequate to present data/documents in Extended Profile. That is, if the data/documents sought are given in response to Extended Profile they need not be resubmitted under those specific Quantitative Metrics (QnM).
- Whenever both Extended Profile and some Quantitative Metrics (QnM) seek, similar responses make sure that data/documents provided for those Quantitative Metrics (QnM) match with the corresponding data/documents given in the Extended Profile.
