

Dr. S. C. Sharma

Director, National Assessment & Accreditation Council (NAAC)

FOREWORD

I am glad to know that NAAC Garden is having a collection of more than three hundred varieties of exotic plants. We all know that the environmentalists all over the globe are stressing about the pollution, global warming and the importance of environment. At this state of affairs, NAAC has taken its prompt efforts to inculcate the green initiatives in its small area of two acres. NAAC garden is having floral, ornamental, vegetable and medicinal plants which are source of attraction for varieties of beautiful butterflies, birds and plant lovers.

I congratulate the concerned staff for their initiatives and efforts in maintaining this beautiful garden.
